AMENDMENT

This amendment is submitted in response to the June 2, 2005 Office Action Summary and a June 30, 2005, interview with the Examiner, Huyen D. Le. The substance of the interview is as follows:

It was agreed to submit the paper by Sherrit et. al. and to include statements in the BACKGROUND OF THE INVENTION and the DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENT to enable someone familiar in the art the ability to assess whether the claims of this patent are patentable and that they do not infringe on the patent of Nakamura (US Patent 5,896,460).

As the response to the above, please amend the above-identified application as follows:

I/ Information Disclosure Statement failure to comply with 37 CFR 1.98(a)(2)

A copy of the publication is attached entitled "Novel Horn Designs for Ultrasonic/Sonic Cleaning Welding, Soldering, Cutting and Drilling" by Sherrit et al. is enclosed.
